

VICE PRESIDENT MAY GET PLACE

Should Act During Wilson's Absence. According to George W. Wickersham.

SPEAKS AT NEW YORK

Former Attorney General Says President, in Being Away From Seat of Government, Cannot Perform Duties.

New York, Nov. 27.—In an address here before more than 100 educators, lawyers, bankers and merchants engaged in international trade, George W. Wickersham, attorney general in the Taft cabinet, advanced the opinion that the constitution makes it mandatory on Vice President Marshall to assume the office of President if Mr. Wilson leaves the United States to attend the peace conference.

"The projected journey of the President to France and his suggested sojourn there for an indefinite period," said Mr. Wickersham, "brings up for the first time in our history the question of the effect of such absence and of the powers of the vice-president because of such absence."

The former attorney general maintained that the absence of the President from the seat of government and the country constitutes an inability to discharge the powers and duties of his office within the meaning of the law.

"That these questions in the past have never arisen for actual decision is a tribute to the wisdom of our presidents in conforming with the traditions of their great office, with that unbroken custom which ripens into law and in not suffering the whisperings of personal ambition to lead them to depart from the paths of accustomed action thereby avoiding the creation of new, uncertain and perhaps dangerous questions of constitutional right and power," said the speaker, in concluding.

CARRIED 1,080,417 YANKEES

British Vessels Played Large Part in Transporting Troops.

New York, Nov. 27.—A statement made here from authoritative sources regarding the part British ships have played in the transporting to Europe of the American army disclosed that England may be compelled soon to use all her available transports for the return to their homes of troops of the British empire.

It was authoritatively stated here that British vessels carried 1,080,417 American troops to England and France during the war.

Of the more than a million troops carried fewer than 500 were lost through war mishaps.

SOUTH DAKOTA HAS RECORD

Has Furnished More Men Per Capita Than Any Other State.

Sioux Falls, S. D., Nov. 27.—It is believed that South Dakota has broken another record during the war. In addition to its immense crop production and the way it went "over the top" on Liberty Loans and all the other big drives, it now appears that the state has furnished more men for service per capita of its population than any state in the Union.

South Dakota, with its 600,000 population, including some 25,000 Indians, part of whom are reservation charges, gave nearly 34,000 men to the nation.

NATION LOADED WITH DEBT

Austrians Believe Future Cannot Be Worse Than Past.

Vienna, Nov. 27.—The shadows of defeat, hunger and financial ruin have not blighted the spirit of what was once the gayest and most beautiful of the European capitals.

All the people realize they are living amid famine and are loaded down with debt. Families of men killed or made prisoners keep smiles on their faces. "What can we do about it? It surely can be no worse in the future than in the past," is the comment of the remarks heard.

TWO DIVISIONS WILL SAIL

American Troops Arrive at French Ports for Embarkation.

American Army Headquarters in France, Nov. 27.—The Seventy-sixth division of the American army, reduced by replacement drafts to 61 officers and 1,000 men, has arrived at the port of St. Nazaire and is embarking for home.

The Twenty-seventh division, totaling 484 officers and 12,000 men, has been withdrawn from the LeMans area and probably will embark in a few days. Both these divisions operated on the British front.

PROHIBITS RED FLAGS

Drastic Ordinance Is Adopted by New York Aldermen.

Measure Will Become Effective as Soon as Approved by Mayor Hylan.

New York, Nov. 27.—The board of aldermen adopted, by a vote of 58 to 7, an ordinance prohibiting the display of red flags at parades or public meetings here.

The measure becomes effective when Mayor Hylan, who favors the ordinance, adds his signature.

Not only does the new law ban the red flags, but reads that no "red or black flag or no banner, ensign, or sign bearing on it any inscription opposed to organized government or sacrilegious in its nature or opposed to public morals, shall be displayed."

A maximum penalty of \$100 fine and 10 days' imprisonment is provided.

Socialist members of the board protested when the author of the ordinance asserted that "it is not aimed against any political party," but that "the red flag stands for anarchy and the disturbance resulting from the assembly of Socialists in Madison Square Garden last night, showed the necessity for such an ordinance."

FLEET SAVED BIG ARMIES

Admiral Jellicoe Gives Credit to the United States.

London, Nov. 27.—Speaking as the guest of the American Circle Lyceum club at a Thanksgiving dinner, Admiral Viscount Jellicoe, former commander-in-chief of the British grand fleet, said the situation in the spring of last year was critical, and had it not been for the assistance afforded by the United States navy he was not sure the dinner could have been held.

It was the assistance given by the United States navy, Admiral Jellicoe continued, that had made possible the convoy system, and it was that system that had saved the situation.

TURKEY HAS MADE ENEMIES

Heir to Ottoman Throne Regrets Part in War.

Constantinople, Nov. 27.—This last war was the most disastrous in the history of Turkey, not because she was beaten, but because it made enemies of nations naturally our friends, declared Abdul Medjid Effendi, heir to the Ottoman throne.

"The present sultan and myself," he continued, "denounced the proposal that Turkey enter the war. Mohammed V., who was then reigning, showed weakness before a clique of adventurers like Talaat Bey and Enver Bey, then cabinet ministers and now fugitives, whom Germany had fed with dreams of power."

Red Cross to Furnish Aid.

Washington, Nov. 27.—Sick and wounded American soldiers who were held prisoner by the Germans and who are not strong enough to be moved at the present time will be cared for by the American Red Cross through Alfred Ney, a Swiss neutral delegate with large German experience and acquaintance. A cablegram received at Red Cross headquarters here from Paris said it is planned to place all these Americans in a central hospital, and, if possible, provide American medical attendance.

Fifth Liberty Loan Announced by McAdoo

(By United Press)

Washington, Nov. 27.—Secretary McAdoo today announced plans for one more great popular drive for the sale of bonds. In a letter to all the banks made public by the treasury, Secretary McAdoo outlined the treasury's policy for the next five months embracing a series of bi-weekly treasury certificates issued in anticipation of a fifth loan.

Unexpended War Appropriations Must Return to Treasury

Washington, Nov. 27.—Unexpended war appropriations must be returned to the treasury, Chairman Sherry, of the house appropriations committee, announced in a letter to cabinet officers and heads of the independent departments.

SOVIETS ENTER ESTHONIA

Russian Bolshevik Troops Cross the Narva River.

London, Nov. 27.—Russian Bolshevik troops have crossed the River Narva on a broad front and have entered Esthonia, between the Gulf of Finland and Lake Peipus, says a Central News dispatch from Stockholm.

General mobilization has been ordered in Esthonia, which the Germans are expected to leave within a fortnight, the dispatch adds.

FOCH REACHES LUXEMBURG

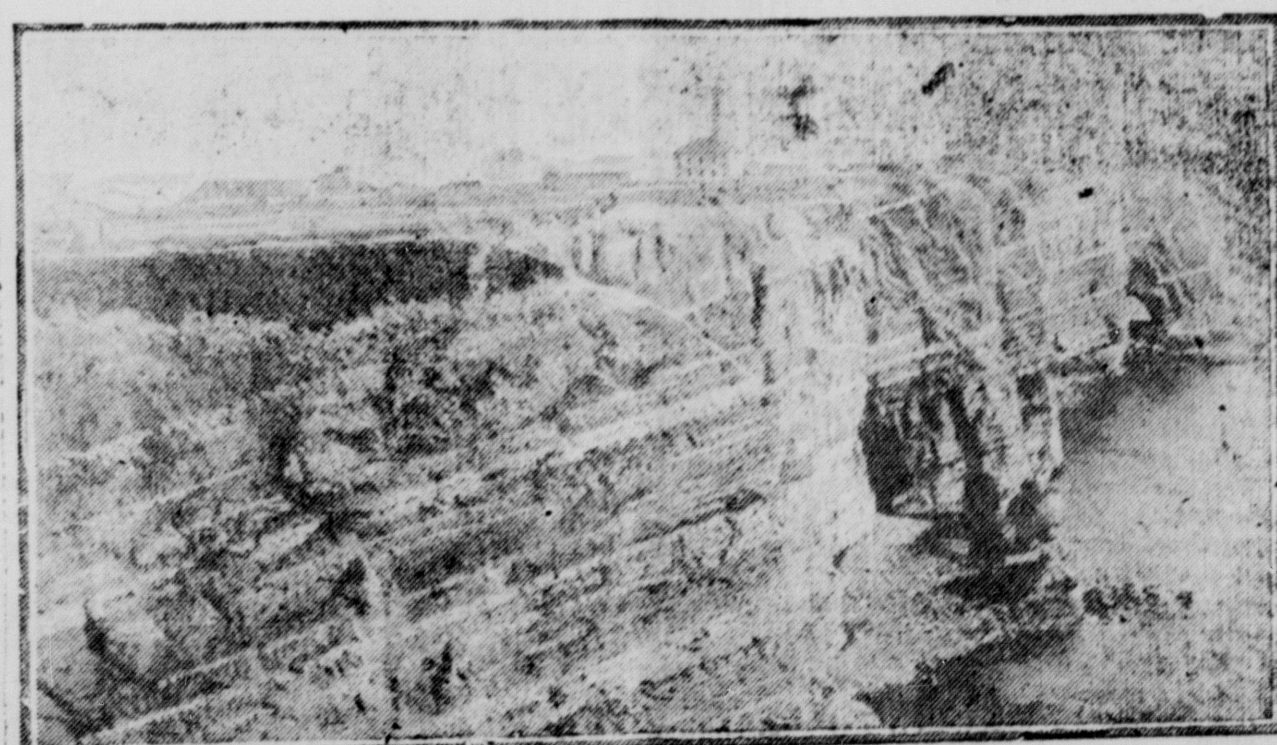

Allied Commander-in-Chief Establishes Headquarters There.

Luxemburg, Nov. 27.—Marshal Foch, Allied commander-in-chief, has established headquarters here. He arrived in Luxemburg with his staff. No ceremonies were held in honor of his entrance.

Soldiers' Attitude Unknown.

Washington, Nov. 27.—The eyes of the world are on German soldiers returning home. Whether they aid in restoring an orderly regime or yield to the anarchistic pleading of Dr. Karl Liebknecht, Germany's Lenin, will determine if the empire is to gain its feet or join with Russia in chaos and crime. Fear is expressed here that the German troops, returning to barren embankments in war broken homes, will fall prey to the doctrines of Liebknecht.

Island Fortress of Helgoland, Behind Which German Navy Took Refuge for Four Years, Now Reported Seized by Revolutionists

Island Fortress of Helgoland, Behind Which German Navy Took Refuge for Four Years, Now Reported Seized by Revolutionists. Germany's northern fleet and the island base of Helgoland are reported to have been seized by a German naval command of revolutionists centralized in what is called a "Soldiers' Council." Helgoland, guarding the mouth of the river Elbe and Weser in the North Sea, is an island fortress behind which the German battleships and submarines took refuge for more than four years. Its high cliffs dive almost straight down into the sea. It has been in possession of the Germans since 1890, at which time it was turned over to them by England to which it had belonged for one hundred years. Under the terms of the armistice it would come under control of the entente allies and the United States.

LAUDS YANKEE VALOR

British Commander Praises Conduct of Americans.

Field Marshal Haig Commends Second Corps Which Fought With Fourth English Army.

With the British Army in Belgium Nov. 27.—Field Marshal Haig, the British commander-in-chief, has sent a glowing letter of praise to the American Second corps, which fought with the British Fourth army during the closing days of the war.

The field marshal's message to the command of the corps reads:

"Now that you are leaving the British zone I wish again to thank you and all the officers, non-commissioned officers and men, on behalf of myself and all ranks of the British armies in France and Flanders for the very gallant and efficient service you have rendered during your operations with the British Fourth army."

"On Sept. 29 you participated with distinction in a great and critical attack, which shattered the enemy's resistance on the Hindenburg line and which opened the road to final victory. The deeds of the Twenty-seventh and Thirtieth American divisions, which took Bellecourt and Nauroy, and gallantly sustained the desperate struggle for Bony, will rank with the highest achievements of the war. The names of Brancourt, Premont, Busigny, Vaux-Andigny, St. Souple and Wassigny will testify to the dash and energy of your attacks. I am proud to have had you in my command."

DUCHESS ASKS AID OF U. S.

President Wilson's Intervention Sought in Telegram.

Washington, Nov. 27.—President Wilson's intervention in behalf of the duchy of Luxemburg was sought in a telegram from the grand duchess.

She asked that he save the duchy from the passage of German troops (probably meaning destruction committed by them) and that he protect at the peace negotiations the rights of Luxemburg as a small, independent free nation.

The message was referred to the Versailles council.

KAISER WOULD REGAIN POWER

Organ of Ebert Government Asserts Militarists Are Seeking to Rule Again.

GIVES WILHELM THE LIE

Bavarian Minister at Berlin Discloses Original War Plot of German War Party and Vienna to Embroil Europe.

London, Nov. 27.—The Berlin Vorwaerts, official organ of the Ebert government, warring against a kaiserite counter revolution, declares:

"That gang of murderers are still planning to re-establish themselves." The Vorwaerts made the statement in commenting on the Bavarian disclosures of the origin of the war. It pointed out that the German government said it was ignorant of the Austrian ultimatum before it was delivered to Serbia, and that it said Vienna was exhorted to be moderate in its demands.

Germany, Austria Conspired.

"The facts are," says the Vorwaerts, "that Berlin incited Vienna. Wilhelm said, 'The enemy attacked us.' This is an infamous lie."

Publication of official reports from the Bavarian minister at Berlin to his home government confirm evidence in the hands of the Entente that Germany and Austria conspired to bring about the war. It was for this reason that the terms of Austria's ultimatum to Serbia were made so drastic that hostilities were bound to follow.

Serbian Acceptance Prevented.

These revelations have been published in Munich after permission had been asked by the Bavarian premier and foreign minister of the German federal government. They are in the form of a report sent to Munich on July 18, 1914, by Count von Lerchenfeld, the Bavarian minister at Berlin.

According to the report the delivery of the ultimatum to Serbia was delayed until after President Poincare and Premier Viviani of France had gone to St. Petersburg, which would make it difficult for the Entente nations to arrive at an understanding and take counter measures.

Count von Lerchenfeld said that "Serbia obviously cannot accept such conditions as will be laid down," and that as a consequence "there must be war." He declared that action on the part of Austria could not be long delayed, "for that might give Serbia, under pressure from France and Russia, an opportunity to offer satisfaction."

No Chance to Avert War.

In a telegram to Munich from Berlin on July 31, 1914, Count von Lerchenfeld said that Sir Edward Grey's efforts to preserve peace would "certainly not succeed in arresting the course of events." Later the same day he wired information as to ultimatum to Russia and France, forecast their rejection by both nations and told of plans to hurl Germany's armies against France, which, he said, would be "overwhelmed in four weeks." He said that the morale of the French army was poor and that it was poorly armed.

On Aug. 4 the Bavarian minister outlined Germany's intention to violate Belgium's neutrality, saying:

"The chief of the general staff has declared that even British neutrality will be paid for too dearly if the price is respect of Belgium. An attack on France is possible only through Belgium."

HEAVIEST CASUALTY LIST

1,688 Fatalities in Pershing's Army Reported by War Department.

Washington, Nov. 27.—The heaviest casualty list yet issued by the war department, carrying 2,861 names, is announced by war department officials.

The list carried 1,688 fatalities, divided as follows: Killed in action, 569; died of wounds, 213; died of disease, 473; died from accident and other causes, 32. Other casualties reported were: Wounded in action, 731; missing in action, 383.

Coal.

Though wood and turf formed the fuel of our early ancestors, investigations have proved that the Britons, even prior to the Roman occupation, made use of coal. But as it was possible to utilize only such coal as lay at or near the surface, the practice did not make headway for many centuries.

The old-time mixture of Sage Tea

streaked and faded hair is grand-
mother's recipe, and folks are again
using it to keep their hair a good,
gray hair disappears, but what de-
lights the ladies with Wyeth's Sage
and Sulphur Compound, is that, be-
sides beautifully darkening the hair
after a few applications, it also pro-
duces that soft lustrous appearance of
abundance which is so attractive.
This ready-to-use preparation is a de-
lightful toilet requisite for those who
desire a more youthful appearance. It
is not intended for the cure, mitiga-
tion or prevention of disease.

Nowadays, though, we don't have the
troublesome task of gathering the
sage and the mossy mixing at home.
All drug stores sell the ready-to-use
product, improved by the addition of
other ingredients, called "Wyeth's Sage

popular because nobody can discover
it has been applied. Simply moisten
your comb or a soft brush with it and
draw this through your hair, taking
one small strand at a time; by morning
the gray hair disappears, but what de-

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated
scores of women for liver and bowel
ailments. During these years he gave to
his patients a prescription made of a few
well-known vegetable ingredients mixed
with olive oil, naming them Dr. Edwards'
Olive Tablets. You will know them by
their olive color.

These tablets are wonder-workers on the
liver and bowels, which cause a normal
action, carrying off the waste and poison-
ous matter in one's system.

If you have a pale face, sallow look, dull
eyes, pimples, coated tongue, headaches, a
listless, no-good feeling, all out of sorts,
inactive bowels, you take one of Dr.
Edwards' Olive Tablets nightly for a time
and note the pleasing results.

Thousands of women as well as men
take Dr. Edwards' Olive Tablets—the suc-
cessful substitute for calomel—now and
then just to keep in the pink of condition.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs
kidneys, then back hurts and
bladder bothers you.

Most folks forget that the kidneys,
like the bowels, get sluggish and clogged
and need a flushing occasionally, else we
have backache and dull misery in the
kidney region, severe headaches, rheu-
matic twinges, torpid liver, acid stomach,
sleeplessness and all sorts of bladder dis-
orders.

You simply must keep your kidneys
active and clean, and the moment you
feel an ache or pain in the kidney
region, get about four ounces of Jad
Salts from any good drug store here,
take a tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will then act fine. This
famous salts is made from the acid of
grapes and lemon juice, combined with
lithia, and is harmless to flush clogged
kidneys and stimulate them to normal
activity. It also neutralizes the acids

"Across Lots to Riches"

Most financial
failures are caused
by trying to go too
fast.

Those who go
"across lots," or the
get-rich-quick route, encounter many pitfalls.

The main-traveled road to success is the
one which leads to the savings bank.

It may seem slow to some, but proof abounds
that those who keep on it succeed in accumu-
lating money and learn to handle it wisely.

Suggestion: Make an "every-pay-day" de-
posit at this bank and you will "arrive" sooner
than those who take the route "across lots to
riches."

CHAMBER OF COMMERCE TO MEET NOV. 29

One of the Most Important Gatherings in the History of that Institution to Take Place

BROACH MEMBERSHIP DRIVE

Many Committee Reports, Advisory Board Recommendations, New Plans by Secretary

One of the most important meetings in the history of the Brainerd Chamber of Commerce will be held Friday evening, November 29th at 8 o'clock and ever member of the organization is urged to be present. The purpose of this meeting will be to ratify certain actions taken by the Advisory Board at the meeting held Tuesday evening, and to consider plans for an intensive membership campaign, to be launched at once.

The Chamber of Commerce has borne the burden during the strenuous days of the community's part in the world war and its finances are seriously depleted. New memberships must be secured, in order to continue the work of the organization. This can only be accomplished by a direct appeal to the citizens of Brainerd. Several membership campaigns have been planned during the year, but they have amounted to little, as the Chamber has given away for every other campaign and its plans have consequently went by default.

Reports of several committees are to be submitted Friday evening and the general discussion of the plans for the future will follow.

Social Features
The House and Social Committee will meet in the near future to discuss plans for fitting up the social hall and putting the equipment in first class condition. The billiard tables must be re-covered, the furniture will need over hauling and

other work must be planned. Owing to the almost constant use of the rooms by committees and organizations of the city and the farmers of the county, the wear on the furniture during the past year has been severe.

Appreciation

A general sentiment of appreciation of the value of the Chamber to the city and community was expressed at the meeting of the Advisory Board Tuesday evening and this is practically the sentiment of the progressive citizens of Brainerd and the community. Sentiment is great stuff, but it requires money "to make the mare go" and it seems assured that Brainerd will awaken from its lethargy and come to the front, as it should, in backing the Chamber.

Plans of Secretary

The secretary will present to the House and Social committee recommendations for social entertainment and community get-together meetings during the winter. It is probable that a noon-time lunch will be served at least once and possibly twice a week, at which time informal discussion of matters pertaining to the best interests of the community will be features. Now that the ban is lifted, the Chamber will resume its formal activities and its energies will be devoted to the work which it originally planned to carry on. Every member of the Chamber should attend the meeting Friday evening and not be listed among the community slackers.

Unions Invited

An honest effort has been made to interest the employees of the shops and mills in the work of the organization and invitations were sent to every labor union in the city to have a representation in the organization. It is hoped that eventually, men will come to realize that by united action the common interests may be best observed and that to know what the Chamber of Commerce is actually doing and trying to do can only be learned by attending meetings and becoming identified with the organization.

Silly Prejudices

Thinking men are fast getting away from the narrow, selfish idea of

standing on the side lines and criticizing what others are trying to do. Life is too short and too valuable to cherish any disgruntled and unjust sentiments of this kind and the better element of Brainerd is rapidly coming into an appreciation of this fact.

Big Meeting Assured

Everything indicates that the meeting Friday evening will be one of the most enthusiastic in the history of the organization. The annual meeting will come on January 8th and the time is short in which to clean up the business affairs of the club, adjust its finances and plan to begin the new year with a clean slate and whole-hearted community interest.

AMUSEMENTS

At the Park Theatre Tomorrow

Dorothy Gish, whose first Paramount starring vehicle, "Battling Jane," will be shown at the Park theatre as the Thanksgiving feature, is the most talked of picture personality in the United States today. Her work as "The Little Disturber" in "Hearts of the World" has drawn for her hundreds of columns of notices, not one of which was unfavorable.

DOROTHY GISH
as "Battling Jane"

and has made it impossible for her to handle her mail without the aid of a secretary.

But twenty-one years of age, Miss Dorothy has been in motion pictures for seven years, beginning with the old Biograph in the days when David W. Griffith was the director-in-chief. She has never left Mr. Griffith up until the present picture except for two or three small productions under his supervisory direction before he began the work of bigger features.

That Terrible Backache

Mrs. G. Hyde, Homestead, Mich., writes: "I had that terrible backache and tired out feeling, scarcely able to do my work, but find by using Foley Kidney Pills that I soon feel like a new person." Foley Kidney Pills help the kidneys throw out poisons that cause backache, rheumatic pains and aching joints. H. P. Dunn, druggist. mwf

Oldest Known Element.

Sulphur is one of the oldest known elements; the ancient Assyrian alchemists regarded it as the principle of combustion and termed it "brimstone," literally burning stone.

PLAIN QUESTIONS TO BRAINERD PEOPLE

Every Brainerd Reader Will Admit the Soundness of the Logic

Would Brainerd people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:

Wm. Bourquin, carpenter, 913 7th St., Brainerd, says: "Some time ago I was suffering from kidney and bladder complaint. The kidney secretions were too frequent. I had backache and pains through my sides. The trouble kept me from my work and gave me much annoyance. I used Doan's Kidney Pills and soon secured relief from the trouble. Now the aches and pains are gone." (Statement given October 28, 1912.)

On November 3, 1917 Mr. Bourquin said: "Colds sometimes disorder my kidneys but I can rely on Doan's Kidney Pills to relieve me. I have the same good words for Doan's as when I previously endorsed them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—The same that Mr. Bourquin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

How a Salesman Suffered

R. J. Porter, Sterling, Col., writes: "I suffered with a painful, weak back. As a travelling salesman I had to stoop frequently to pick up my grips, and the pain when I straightened up was awful. I was induced to try Foley Kidney Pills. Relief was immediate. Say, they are great!" Prompt and tonic. H. P. Dunn, druggist—

DO NOT BE DECEIVED

Should you hear a statement that the proposed Charter Amendments will double your taxes, do not believe it. Such a statement of increase is absolutely misleading. The raise will be only about 15% of your total taxes, and for your own information consult the article in the Daily Dispatch of Friday, November 22nd, "What Will It Cost Me?" Calculate the cost yourself and verify your figures with any tax official.

Forty states will ratify the national prohibition amendment this winter, the superintendent of the Anti-Saloon league reports, four more than are necessary to secure its adoption. Fourteen states have already ratified, and there are 27 dry states that have not yet acted on the amendment. Of the fourteen, six were wet states. It is claimed all the states with the possible exception of Rhode Island will ratify. It looks as though constitutional prohibition will be unanimous.

C. A. Lindbergh was the lone addition to the socialist party membership roll the past month, according to a report in the Minneapolis Journal. But that will probably not prevent him from posing as a republican or any other party member, if he hopes to gain an office thereby.

And yet we must remember, says the Minneapolis Journal, there are thousands of the ex-kaiser's troops who went through the war and never even shot a nurse.

Tomorrow, Thursday, is a legal holiday and there will be no issue printed of the Daily Dispatch.

Miracle in the Mediterranean.
 In an article on the submarine warfare in the Mediterranean contributed to the November Century, Herman Whitaker tells of a lad on one of the American destroyers who had been washed overboard in a black night storm and was thought to be hopelessly lost till a voice hailed the watch from under the stern. He had caught the logline, which trails for a couple of hundred feet behind, and hauled himself along it. Another escape was still more marvelous. Washed overboard at night from one of the destroyers, this particular lad was heaved by a wave upon the deck of another vessel half a mile astern. When he was restored to his own ship at the end of the voyage, his captain thus addressed him: "Young man, you have used up all the luck you will have in all your life. The navy is no safe place for you. Take my advice; get out of it as soon as Uncle Sam will let you."

Gave Revenue Officers Tip.
 Revenue officers who arrested an Atlanta man with fifteen gallons of whiskey in his motor car, found he had a letter from a Georgia farmer, saying that the writer had "some very fine pigs for sale at the low price of 87 each," and that "the sow had a litter of thirty," a remarkable thing in the animal world. On investigation, they found the sow to be a complete moonshine still and the litter to be thirty fugs of high-powered moonshine whiskey.

The average city tax rate of the above cities outside of Brainerd is 23.83 mills.

It is astonishing that we have survived thus far and that our necessary tax rate is not even above that of the average of other cities particularly when you take into consideration the fact that the large Northern Pacific railway property here pays all of its taxes as a gross earnings tax and into the State of Minnesota INSTEAD OF TO BRAINERD.

Of the twenty mills asked, which is the maximum and may be reduced when conditions permit, three mills goes into permanent street improvements, and three mills goes to pay actual cost for electric current for street lights and for water furnished for fire purposes, surely very essential items, which only leaves a very small raise for other purposes above the rate you are now paying.

SEEMED TO COME TO THEM

Few of Our "U" Boat Chaser Skippers Had Had Previous Nautical Experience.

"Where do the officers of the submarine chasers come from?" I asked an executive officer long in the navy, writes Samuel G. Blythe in the Saturday Evening Post.
 "Everywhere," he said.
 "Were they sailors?"
 "Not many of them; some had had experience in motor boats and yachts and were amateur navigators, but the way they have picked it up is marvelous. Let me give you an illustration. When I was organizing the first flotilla that came over I questioned the young chaps who came before me as officers for the chasers. Of the first five on one day one had been a shoe salesman, another an accountant, another a nut inspector and another an actor."

"Not Inspector?" I said. "What's that?"
 "He worked on a peccan ranch down south somewhere."
 "They had had some sailing experience and had taken short special courses at a training school. Now of that bunch three are in command of chasers today, four brought their ships across and the actor is a unit commander, and a mighty good one, too. That's where we got them. The navy just reached out and collected them here, there and everywhere, and they are good stuff and making sailors of themselves mighty fast."

FEW SHIPS ARE TOTAL LOSS

Vessels Sunk by Mines or Torpedoes Patched, Raised and Taken to Port for Repairs.

Any one who imagines that all the vessels sunk by enemy U-boats or mines are left at the bottom of the sea would be surprised if he could be told the whole story of ingenuity, resource and unremitting toil of the British admiralty salvage corps.
 Almost as soon as a vessel is sunk salvage operations are commenced. Divers are sent down to take accurate measurements of the size of the hole made by the torpedo or mine. Small holes are plugged with wood, but large ones are patched with "standards" patches. These are made of 12-inch wooden beams and a patch sometimes weighs as much as 20 tons.

As may be imagined, the size of the hole varies greatly. In some cases it has measured 40 feet long by 20 feet wide, and in one case it has been known to be 48 feet long by 25 feet wide.

When the vessels have been plugged and patched, their cargo removed and the water pumped out of them they proceed to the nearest port where they can be permanently repaired.

Several vessels have been torpedoed after being refloated and have again been successfully raised and taken into port.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

BOARD OF HEALTH

LIFTS FLU BAN

Meeting Held Late Tuesday Afternoon and Action Taken. Heralds in Thanksgiving Day

GREAT CARE AND DISCRETION

Should Still be Exercised by the Public, Safeguarding Community from Further Infection

The influenza ban has been lifted in Brainerd.

Late Tuesday afternoon after the Dispatch had gone to press, the momentous step was taken by the City Board of Health. Here is the order:

The City Board of Health convened to determine the feasibility of lifting the ban which for the past eight weeks has covered our city, during which time the importance of individual caution has contributed to make it possible to lift the ban at this time, and it is so directed.

The Board of Health asks the public to continue to exercise care and discretion, thus safeguarding the community from further infection.

Signed,
DR. C. S. REIMSTAD, Chairman.
F. H. SIMPSON,
MRS. O. H. JOHNSON, Secretary.

Dated November 26, 1918.

The ban was laid on the city early in October.

Since then weekly meetings were held and the ban continued. The deaths of actual Brainerd residents were very small compared to the death total of people brought to Brainerd for treatment. Crosby, Deerwood, Ironton and Woodrow contributed many patients.

The Northern Pacific railway hospital took in cases regardless of whether men or their families were in railway employ. St. Joseph's hospital had many cases, as did the Northwestern hospital. To take care of additional cases, the emergency hospital was established in Gardner hall through the aid of city council, Red Cross and public spirited individuals.

During the ban various enterprises ceased to function in the city.

City schools were discontinued and teachers in many cases aided in Red Cross work and war activities.

The problem now of making up lost time in this school period is under consideration by the school board. In Little Falls a program of lengthened hours and shortened vacations has been adopted.

On the range, where deaths were larger of residents and some are being recorded today, schools opened last Monday. Crosby, Ironton, Deerwood schools resumed on November 25th.

The Brainerd Commercial College closed when the ban was announced. Prof. R. D. Stitzel has announced the opening of the winter term December 2nd.

The Best theatre and Brainerd opera house, dark for weeks, will resume performances now. The Best will have on a fine show tonight. At the opera house "Hearts of the World" by Griffith, will receive a permanent date for three matinees and evening performances.

Churches will have their Thanksgiving services tomorrow and the first one to report was Rev. Father J. J. O'Mahoney, pastor of St. Francis Catholic church.

Stores of the city will prepare for the Christmas holiday season and shoppers will once more venture out. The government has urged people to shop early.

The idea of examining pupils attending school next Monday for coughs and colds is a matter for the board to consider. It was followed at Little Falls on Monday, Nov. 25, when their schools re-opened. Any school children showing signs of cough or cold were sent home for two weeks or until they could show a health certificate from a physician.

Motorful Days.

THANKSGIVING UNION SERVICES

To be Held in the First Methodist Church, Rev. P. Alfred Peterson to Deliver Sermon

3 NEW MINISTERS TO ASSIST

First Public Services to Give Thanks at the Coming of Peace in the Great World War

With the lifting of the influenza ban last night, the pastors of the Brainerd Ministerial association hastily called a meeting and arranged for a union Thanksgiving service of all the churches that will join in the movement.

It was first decided to accept the kindly offer of Rev. W. J. Lowrie to hold the services in the First Presbyterian church. Then so many gladly joined the plan of the union services that the church could not possibly seat them all and the offer of the First Methodist church to hold the services there was accepted.

Thanksgiving services will be held at 10:30 Thursday morning and it marks the first service held since October 12 and the first to give thanks for the triumph of America in the cause of justice and freedom, the winning by America and the Allies of the great world war in which right was victor and might was laid in the dust.

It marks also the first occasion for three new ministers in Brainerd to address congregations. They are Rev. H. J. Wolner, new pastor of St. Paul's Episcopal church; Rev. E. A. Cooke of Hutchinson, new minister of the First Methodist church; Rev. Charles N. Sinnett, new minister of the Peoples Congregational church.

Rev. P. Alfred Peterson of the Swedish Baptist church is to preach the sermon. Other pastors will take part and a service has been arranged to gladden heart and soul of every worshipper. Here is the program:

Presiding officer.....

Rev. W. J. Lowrie

Pastor of First Presbyterian church

Scripture reading.....

Rev. H. J. Wolner

New pastor of St. Paul's Episcopal church

Prayer.....

Rev. E. A. Cooke

New pastor of First Methodist church

Rev. M. L. Hostager

Pastor of Bethlehem Lutheran church of South Seventh street

Sermon.....

Rev. P. Alfred Peterson

Pastor of Swedish Baptist church

Benediction.....

Rev. Charles N. Sinnett,

New pastor of the Peoples Congregational church

After the seven weeks with no public religious services during

which great world events have been taking place, Brainerd people are anxious for an opportunity to express their sentiments in public worship.

This Thanksgiving service should be the greatest ever held in this city. People of all churches are invited to praise God together at this union service.

Churches giving their assent to join in the union Thanksgiving services are the First Congregational, First Presbyterian, St. Paul's Episcopal, First Methodist, Bethlehem Lutheran church of South Seventh street, Swedish Baptist, Peoples Congregational, First Baptist, Zion Evangelical church of Fourth avenue, and the Swedish Bethany.

THANKSGIVING IN THE CHURCHES

St. Francis Catholic Church

St. Francis Catholic church will celebrate high mass at 10 o'clock Thursday morning, Thanksgiving Day. All should be present and give thanks to the Lord for the many blessings received.

St. Paul's Episcopal Church

The service set apart by the church for Thanksgiving Day will be observed in this parish in the following:

Celebration of the Holy communion 8:30 a. m. in conjunction with a short sermon.

As noted elsewhere in this paper we have the opportunity of uniting in worship with the members of other churches in a union service to be held in the First Methodist church at half after ten.

I sincerely hope that the majority of my people will endeavor to be present at these services that they may render to Almighty God the praise that is justly His due for the manifold blessings that have been showered upon us. Rev. Hans J. Wolner, rector.

Swedish Lutheran Church

Rev. E. G. Carlson, pastor of the church, makes this announcement to his congregation: "At a meeting of the doctors and school board at the Chamber of Commerce November 21-22 it was unanimously decided to keep the 'flu ban' in force until the second of December.

The Swedish Lutheran church will abide by this decision and will neither have any Thanksgiving sermon nor service next Sunday. But the following Sunday services will be held.

Card of Thanks

We are unable at this time to adequately express our gratitude to our many friends for the kindness shown us during our hour of sorrow and trouble. The floral tributes sent and the acts of kindness are concrete expressions of your sincere friendship.

We desire to thank you through the columns of this paper for your many favors.

MR. and MRS. THOS. MEADE, and Family.

Former Brainerd Citizen Honored

Circulars have been received here signed by E. J. Pearson, also once a Brainerd resident, but now president and federal director of the Hartford and New Haven railroad, appointing W. L. Bean as mechanical assistant to the president of the road, in charge of matters of design, engineering, fuel economy, etc., effective at once. Mr. Bean is the eldest son of S. L. Bean, now deceased, for many years superintendent of the N. P. shops here. Mr. Bean has many friends here who will be greatly pleased at his advancement.

CHILD BURNED IN FIRE ON FARM

Two Year Old Girl of Joseph Januck Burned at Home in Platte Lake, Little Brother Saved

TENANTS OF A. J. STARRITT

Parents in Barn at the Time Sorting Sheep When the Fire Started at the House

Fire at 9 o'clock this morning caused a tragedy which meant the loss of a child by a fire in Platte Lake township.

Mr. and Mrs. Joseph Januck, tenants on a farm of A. J. Starritt in Platte Lake township, twenty miles southeast of Brainerd, were at their barn sorting out sheep and had left their small children, a girl of two and boy of four, in the house.

In some way unknown, fire started and the girl was consumed in the flames. They rescued the little boy. The house, a three-room structure two stories high, was burned to the ground.

Card of Thanks

We wish to express our heartfelt thanks to the many kind friends and neighbors who so generously extended aid and sympathy during our recent sad bereavement, and for the beautiful floral offerings.

MR. and MRS. WM. FENSKE, and Family.

OLE HANSEN

Passed Away at Age of 82. Funeral Services Held on Wednesday from His Home

Ole Hansen, age 82, passed away at the home of his son-in-law and daughter, Mr. and Mrs. J. S. Anderson Monday morning.

He was born in Norway March 28, 1836 and came to America at the end of the Civil War. He lived at Minneapolis for 30 years.

He had been ailing for some time so the end was not unexpected. Two children survive him, a son, Henry Hansen of Cambridge, England, in the British army, who enlisted in Canada a year ago last December and one daughter Mrs. J. S. Anderson of Gull River.

The funeral was held from the residence on Wednesday afternoon at 2 o'clock.

ROLL OF HONOR

Private Carl Newgard, brother of Miss Tillie and Theodore Newgard, in a postal to his sister writes he is well and getting along fine and should have written before. His postal is dated November 3. He was the soldier reported missing and had the family in mourning and despairing of ever locating him again.

Mrs. H. Stein has received a letter from Walter Stein in France. He says that he had been in a hospital three or four weeks recovering from sickness.

"To keep me strong, keep my blood in my system is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital. Nuxated Iron often increases the strength and endurance of weak, nervous, run-down people in two weeks time. It is now being used by over three million people annually, including such men as Gen. THROW OFFICER OVERBOARD

Men On German Destroyer Kill Their Commander.

Granton, Firth of Forth, Scotland, Nov. 27.—That overbearing German naval commanders are receiving short shrift from their men is indicated in a story related here.

Asked by a British officer who examined a German torpedo boat destroyer where the commander of the vessel was, the junior officer replied: "Oh, he gave us some trouble four days ago, so we threw him overboard."

Grand Jury to Hear Charges.

San Francisco, Nov. 27.—The county grand jury met here to consider a published report, bearing the signature of John B. Densmore, federal director-general of employment, which charged official fraud in the conviction of Thomas J. Mooney for murder. Mooney is in San Quentin penitentiary awaiting execution December 13, following conviction in connection with the preparedness day explosion here July 22, 1916. Densmore and his assistants were subpoenaed to appear before the grand jury.

ARRIVE AT GERMAN BORDER

French Troops Are Well Received in Luxemburg.

Paris, Nov. 27.—The French armies marching through Luxemburg reached the German frontier east of Welsam-pach and Heinerscheid, according to the war office announcement. At Redange, in Luxemburg, a hearty reception was extended by the municipal to the commander of the Forty-eighth division when it entered the town.

Alaskan Village Wiped Out.

Nome, Alaska, Nov. 27.—Nome, which has suffered severely in deaths through the influenza epidemic, is struggling to give aid to native villages to the north and east in which the toll of death is still alarming. In two days 30 natives died in one of these villages, and reports brought here said that fully 100 more deaths were probable. At Solomon, east of here, there are 40 orphaned native children. The Eskimo village on Spruce Creek was wiped out by the disease.

WAR WAS BASED ON HIGH IDEALS

Peace Conference May Take Up League of Nations Plan Soon After Meeting.

TWO VIEWS PREVAIL

American Idea Is That One of Objects Fought For Was to Prevent Future Warfare and League Is Only Solution.

Paris, Nov. 27.—The peace conference may take up the league of nations question at an early stage of the proceedings, instead of relegating it to the close after the territorial aspirations of the various powers are settled.

Two distinct viewpoints have now developed on this subject. The American view is that the coming congress will not be like the Vienna congress, which devoted itself principally to arranging what each power should receive as a result of the Napoleonic upheaval.

According to the American view, the present war was based on certain high ideals and was not a struggle for territorial gains.

Therefore, it is maintained, ideals should come before territorial aspirations in the deliberations of the congress and these ideals, having been first defined, should thereafter be the main guide in national aspirations. Would Set Standard.

One of the chief of these ideals, it is pointed out, was to prevent future warfare, and a league of nations has been generally and officially accepted as the most practical organization for accomplishing that ideal. It is therefore held that this should be one of the first subjects considered and should set a standard of ideals for other subjects following.

It can be stated that this American view of procedure has found warm supporters in England and France, though there is also another viewpoint which clings to the old procedure under the Vienna congress, whereby individual aspirations for territory should have first consideration.

Those urging that territorial questions should come first say it is highly desirable to sign a peace treaty embodying the essential details at the earliest possible moment, so as to determine the official war period, under which troops are held for the duration of the war, and that railroads, telegraphs and other public utilities are similarly affected until peace is declared.

According to this view, an early peace agreement on essentials would release the armies, including the American troops holding the occupied regions.

WOUNDED AMERICANS FIRST

Troops in England Will Return Before Those in France.

Washington, Nov. 27.—No active division of the American expeditionary forces can be landed in the United States before Christmas, Secretary Baker said.

The policy of returning first the thousands of casualties and the auxiliary troops from England will postpone the movement of first-line troops who have been designated for release by General Pershing.

RUSSIAN PRISONERS RETURN

Men From Germany Are Reported in Pitiable Condition.

Stockholm, Nov. 27.—The condition of the Russian prisoners of war arriving in Russia from Germany is pitiable, according to travelers reaching here from Russia. The returning men are clothed with extreme scantiness and in a starving condition, while the greater part of them are suffering from dysentery or consumption.

DECLARES WAR ON ANARCHY

New Chicago Chief of Police Will Stop Red Flag Parades.

Chicago, Nov. 27.—One of the first official acts of Chicago's new soldier chief of police, Col. John J. Garrity, was to declare war on anarchists. "There won't be any red flag parades in Chicago while I am chief of police," he said. "The only flag anybody needs to fly in this city is Stars and Stripes."

DUKE OF BRUNSWICK FLEES

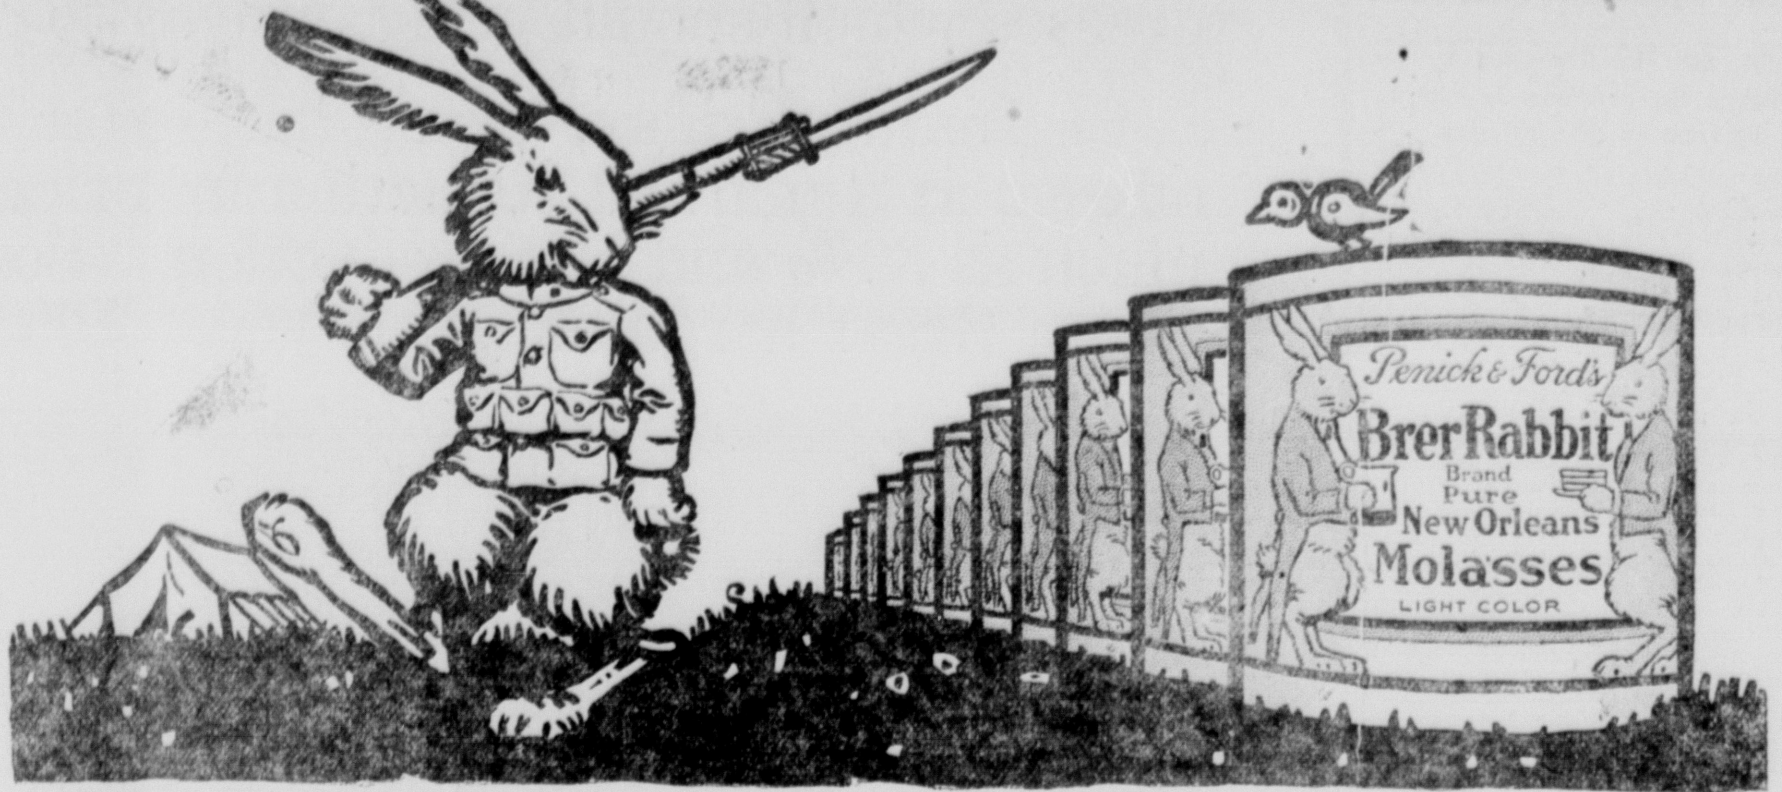

Grand Duchy of Oldenburg Becomes a Republic.

Berlin, Nov. 27.—The Grand Duchy of Oldenburg has been transformed into a republic under a directory composed of five social democrats, two bourgeois and two former ministers. The Duke of Brunswick and his family have gone to Augsburg.

Suggestion Creates Surprise.

Washington, Nov. 27.—The suggestion from London that naval vessels surrendered by Germany under the armistice may be sunk to avoid possible disagreement among the associated nations as to their disposition was received by naval officials here with evident surprise. Secretary Daniels said the proposition had never been mentioned to him and he was certain American naval representatives had suggested no such plan. No intimation has been given as to the policy of the United States.

What Is a Substitute?

In one sense what we call substitutes in the line of present-day foodstuffs really are substitutes and in another sense they are not. If substitute means to you something that can be used instead of something else, it is exactly the same way then the more substitute is a misnomer but it does mean something that will take the place of something else when properly used in such a way that it will give the same sort of nourishment to your body as the food is quite accurately used.

Cloves in Commerce.

The clove tree has been introduced into the western world and now is, for more than a century has been grown in Brazil, Guiana and the West Indian islands. Clove trees now grow in groves in the island of Mauritius, where plantations were set out under the auspices of the French in the eighteenth century, and in Zanzibar and Pemba. These last named islands, of the east coast of Africa, have become important producers of cloves. Java and Sumatra, in the east, also make their contribution to the world's supply of cloves.
